ECONOMIC STIMULUS: ADDITION OF THE PROPOSED LOS ANGELES COUNTY MUSEUM OF ART PARKING STRUCTURE TO THE APPROVED MASTER LIST OF SHOVEL-READY PROJECTS

In preparation for the American Recovery and Reinvestment Act (ARRA) of 2009, the Chief Executive Office developed a list of major shovel-ready and green infrastructure projects for the California State Association of Counties; this list was received and filed by the Board on December 16, 2008. The purpose of this memo is to add the following project to the master list as a qualified project:

Los Angeles County Museum of Art (LACMA) Parking Garage: This proposed project would utilize the same entrance and exit as the existing underground parking garage and expand the existing parking capacity by 520 cars a day. The expanded parking garage would effectively double the LACMA campus parking capacity and provide sufficient parking for planned future expansions. The project is ready to begin construction by May 2009 and would run through April 2011 for a total cost of \$40 million dollars.

If you have any questions or require further information, please contact Deputy Chief Executive Officer Ellen Sandt at 213-974-1186 or esandt@ceo.lacounty.gov.
